

Seat Critique

GitGud

Mason Wilde, Gage Benne, Zach Bruennig, Andy Monroe

Overview

Seat Critique is an all-in-one restroom app which lets users find and critique restrooms near them.

Implementation

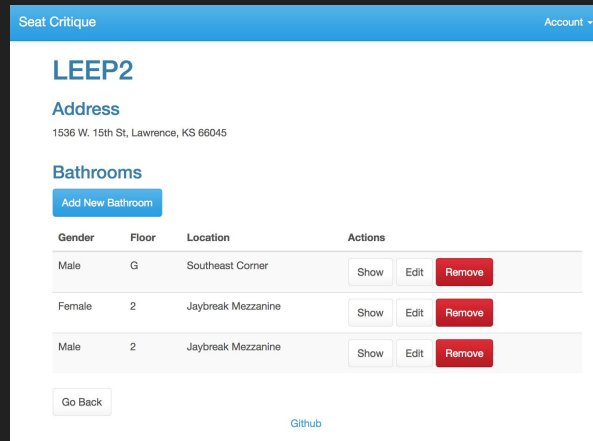

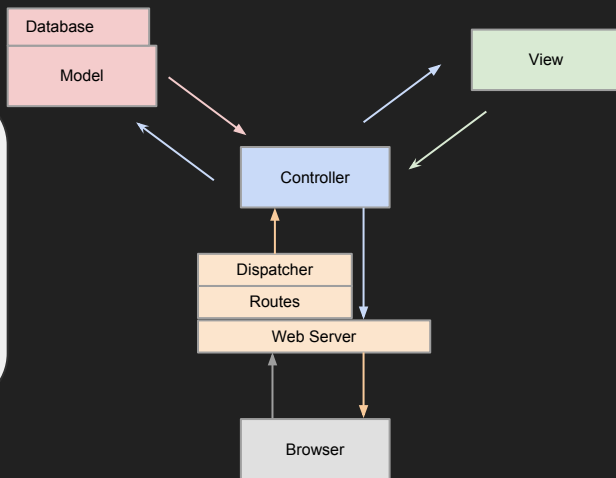

HTML / Haml / CSS
Postgresql / Docker

Future Goals

- Customizable user settings and preferences
- Add GPS functionality
- More detailed reviews
- Comments section
- API

Core Functions

- Make accounts
- Admin mode
- Critique some seats!
- Find bathrooms via building interface
